

**Welcome to our stamp size guide.
These are all customisable to your needs.
Contact us if there is something you cannot find.**

The following pages have grey shapes the actual size of the stamp shown. When you print out that page the shape will be the exact size of the stamp to help you visualise it or cut it out and check it fits in the area you need to use it on.

Click on the stamp shape and it will take you to the website and onto that stamp for you. Once there you can order a proof to see your stamp image in actual size.

For Multi-colour stamps click on the multi-colour words below the size you want and you will be taken to the multi-colour stamp version in the website.

Click on the page title on each page to take you to the page in the website with all those stamps in.

Click on the Self-Inking Stamps website address shown at the bottom of these pages to go to the website home page.

**Page down or Click on the page listed below to take you
to the stamp type you are interested in.**
